RESPONSE TO ELECTION/RESTRICTION REQUIREMENT

Sir:

In reply to the February 10, 2004 Restriction Requirement, Applicants provisionally elects Embodiment 3 relating to claims 30-33 corresponding to figures 15-21, with traverse.

It is also respectfully submitted that the subject matter of all claims is sufficiently related that a thorough search for the subject matter of any one Group of claims would encompass a search for the subject matter of the remaining claims. Thus, it is respectfully submitted that the search and examination of the entire application could be made without serious burden. See MPEP § 803 in which it is stated that "if the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or distinct inventions." It is respectfully submitted that this

policy should apply in the present application in order to avoid unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

Thus, withdrawal of the Restriction Requirement is respectfully requested.

A Petition for a one (1) month extension of time under 37 C.F.R. §1.136(a) is filed herewith extending the period for response through February 2, 2004. It is not believed that any further extensions of time or fees are required other than those in the accompanying Petition. If extensions of time are necessary to prevent abandonment of this application, then such extensions of time are hereby petitioned for under 37 C.F.R. §1.136(a) and are hereby authorized to be charged to our Deposit Account No. 23-1951. .

Respectfully submitted,
